

Unpaid invoices Your wait is over

Get the money you're owed quicker

Waiting to be paid is hard on any business. Invoice Finance enables you to use your sales ledger as an asset which you can borrow against.

Why choose Invoice Finance?

It's a simple way to release the cash that's tied up in unpaid invoices. Instead of waiting weeks or even months to be paid, the cash can be in your account within 24 hours.

It's simple

We set up your facility (usually within a week). Then, when you issue an invoice, we'll advance you up to 95% of it within 24 hours.

When your customers pay, you get the balance, minus the fee. Simple.

Invoice factoring

Not only does this allow you to get the money you're owed without the wait, we'll chase up your invoices for you, too.

Invoice discounting

This offers the same 'advance' benefits of cash without the wait. The difference is you'd be responsible for keeping the relationship with your customers. We also offer confidential invoice facilities.
