High praise from Trustpilot

95% of Ultimate Finance customers rate us 'Excellent'.

As an independent business ourselves, we know the difference fast, flexible funding makes. Our expertise is in providing flexible funding; tailoring the right solution for unique needs. Since opening our doors in 2002, we've provided over £10bn in funding to support business ambition.

WHO'S ELIGIBLE?

Any UK-registered or domiciled, limited or non-limited company. The asset must be deemed Durable, Identifiable, Movable and Sellable.

HOW DOES IT WORK?

We buy the equipment for you via a hire purchase or leasing agreement. Then, you pay us back through agreed monthly repayments.

HOW MUCH CAN YOU FINANCE?

If you're a limited company, we can fund assets from £10,000 and for non-limited company, it's £25,000. Maximum of £500,000 for a single asset and £1.5m for a single customer. We would consider financing beyond this limit for specialist equipment – just ask.

WHAT'S THE APPLICATION PROCESS?

Request a quote online or give us a call and we'll tailor a plan to suit you. Send through details of the asset, then sign the agreement. We'll fund your new asset within one working day of receiving the signed agreement.

HOW MUCH WILL IT COST?

That depends on how much you borrow and the term. We have a nominal set-up fee and option-to-purchase fees. Our interest rates are always competitive.

HOW DO THE REPAYMENTS WORK?

Pay monthly by Direct Debit, over a term that suits you any time between 12 months to five years.
